

Prima la musica!

Catalogue

AUGUST 2017

7

Welcome to the new **Prima la musica!** catalogue.

We have added dozens of new titles since the last edition, welcoming new editors to our team and broadening the list of composers whose music is now available in Urtext performing versions.

We have re-structured the catalogue by listing all our editions under four categories: Renaissance, Baroque, Classical and 19th century. After the Prima la musica! code comes the title of the piece. If this is printed in italics, then it involves voices. Below the title is the scoring (using the abbreviations given below) and the price – the first price is for a performing set (a score for each of the singers and the director, and a set of single parts; when you visit the website, you will be able to order extras) and the second, in brackets, is the price of a single score. If you plan to give a performance of some of our choral editions with a choir, we suggest you contact us (details on the last page of the catalogue) so that we can negotiate a reasonable price.

The following abbreviations are used in the catalogue:

A	alto
B	bass
Bar	baritone
BC	Basso continuo
bn	bassoon
bv	basso di viola
d'am	d'amore
hn	horn
mS	mezzo soprano
fl	flute
ob	oboe
S	soprano
str	strings
T	tenor
tmp	timpani
tp	trumpet
va	viola
vc	violoncello
vn	violin
[]	these voices or instruments are optional
{ }	these are specified only in one movement
